Game isnt even ready for early access much less full release.The flying in this game is horrible.you just set if you want a few enemies chasing you around.This is in my opinion just terrible.I'm done with it after realizing cant rebind controls.UI is horrible. Im using ryzen 7 2700x gtx 10606gb 32 g ram.and getiing stutters lol.Not for me so disappointed.. fault x unity teaser video #1 : ALICE IN DISSONANCE has recently shown off new material from their fault series port to Unity and new sneak peaks of SILENCE THE PEDANT. Patch Notes! : Hi, folks. The Steam forums aren't always the best way to get ahold of us if something is broken. We can be reached at projectwritten on Gmail, or you can DM us via our Twitter account projectwritten . For those who were interested, we frequently share our inner workings, updates (and soon, beta testing) at our Patreon page [www.patreon.com] . Now, as for the changelog: milestone one v5.11. fault x Unity - bunch of new toys + video : Istariana vilseriol, fellow kravters! Munisix, the writer and lead dev in Alice In Dissonance team has made a public post, explaining the features that fault might have in future. You can read this post by clicking this link. [www.patreon.com] We are also posting a short video preview. That is all for now, have a good one.. October maintenance update : Hello again! It's the usual maintenance update. Changes from the last update are below. As always, the complete changelog is on the forums . The OST can now be opened in-game via the gallery, and its cover art has been fixed. The engine doesn't recompile itself on first run for fun anymore. This was why 100 files were always redownloaded when verifying integrity. Fixed the skip after choice preferences being reversed. Fixed a few misnamed tracks in the music room. Achievement progress isn't cached in save data anymore.. fault - milestone two side:above ! : fault - milestone two side:above(ms2a) ! fault - milestone one ms2a AiD .! ms1 , ms1 ! fault - milestone one " " !! -ALICE IN DISSONANCE Team "Memory Mana" SIN KUN RuTel SNAKE HIEMUS WHITE RUBY KEULTOK ===== fault - milestone two side: abovems2a fault - milestone one ms2aAiDms1ms1 fault - milestone one -ALICE IN DISSONANCE Team "Memory Mana" SIN KUN RuTel SNAKE HIEMUS WHITE RUBY KEULTOK. AiD Discord Server : Hey everyone! Our Discord server is now open to the public! Weve been testing it for a few weeks, but if you missed out feel free to join in. So, anyone interested in chatting with the team, our patrons, or anybody else on our Discord server is welcome to join! We wont bite, so dont fear.. fault - milestone two side:above is now in Simplified Chinese!! : fault - milestone two side: above fault ===== fault - milestone two side: above fault ===== fault - milestone two side: above is now available in Simplified Chinese!! The Aerolinguistics team that brought you fault - milestone one's translation is back with their meticulous attention to detail. They have been working with us closely so quality and accuracy is as top notch as it gets.. SILENCE THE PEDANT Demo : The long-awaited demo for the next fault release is out! SILENCE THE PEDANT takes place five years before milestone one. See Rughzenhaide through the eyes of the 14-year-old Ritona, angry and disillusioned with her country, in the days before she became Royal Guardian to Princess Selphine.
